

ICIS Newsletter May 2018

Dear colleagues

Greetings from Switzerland. Please find herewith our May 2018 Newsletter:

Minutes of ICIS Board Meeting at ASH 2017

The annual ICIS board meeting was held on Friday, December 8, 2017 in Atlanta, USA.

New book of Paul Imbach

The new book of Paul Imbach on

Antibody Therapy Substitution – Immunomodulation – Monoclonal Immunotherapy

is now available. Please follow the link to see more details or buy the book <http://itpbasel.ch/Publications-on-ITP.115.0.html>

New adult hematologists as Principal Investigators in PARC-ITP Registry

We are glad to inform you that we have new specialists in adult hematology as principal investigators to register their adult patients with ITP in the PARC-ITP registry.

We want to encourage all adult and pediatric hematologists to contact our data manager Caroline Martin Asal (itpbasel@unibas.ch) to be an active investigator and enter their patient's data into the registry. Please contact us should you have questions or comments.

PARC-ITP Registry updates

Please continue to register all your newly diagnosed patients regularly, either by direct internet access (www.parc-itp.net) or, if your system does not allow you to do so, by completing forms and sending them to our data manager Caroline Martin Asal (itpbasel@unibas.ch), and she will be happy to register these data for you. The fax number is +41 61 704 12 41.

For entering follow-up data please check your files every month to see, if follow-up information is due and complete all the forms that are underlined in the form row on the starting page of your institution (after login with your username and password on www.parc-itp.net you will see all your registered cases listed).

Yours sincerely
