

ICIS Newsletter May 2019

Dear colleagues

Greetings from Switzerland. Please find herewith our May 2019 Newsletter:

Both adult and pediatric hematologists as Principal Investigators in PARC-ITP Registry

We are glad that we have specialists both in adult and pediatric hematology as principal investigators to register their patients with ITP in the PARC-ITP registry and/or Splenectomy Registry.

We want to encourage all adult and pediatric hematologists to contact our data manager Caroline Martin Asal (itpbasel@unibas.ch) to be an active investigator and enter their patient's data into the registry.

Already registered and active investigators, please continue to register all your newly diagnosed patients regularly, either by direct internet access (www.parc-itp.net) or, if your system does not allow you to do so, by completing forms and sending them to our data manager Caroline Martin Asal (itpbasel@unibas.ch), and she will be happy to register these data for you. (fax +41 61 704 12 41).

Please check your files every month to see if follow-up information is due and complete all the forms that are underlined in the form row on the starting page of your institution (after login with your username and password on www.parc-itp.net you will see all your registered cases listed).

Thank you so much for your highly appreciated work.

Splenectomy Registry

Please send the data of your patients who are planned for splenectomy, or who are already splenectomised to splenectomy@ukbb.ch, thank you. (fax number +41 61 704 12 41)

Please check your files regularly to see, if follow-up information is due.

Brainstorming Meeting on ICIS Future Development, Switzerland, September 12-14, 2019

The upcoming ICIS ITP Expert Meeting on "Critical questions in immune thrombocytopenia in children and adults" will be held as a closed, brainstorming meeting.

This time, due to financial circumstances, the ICIS board decided to have a small meeting with invited experts only.

Yours sincerely

Paul Imbach Chairman	Thomas Kühne Chairman	Alexandra Schifferli Chairwoman	Caroline Martin Asal Data Manager	Verena Stahel Coordinator	Monika Imbach Back Office
